@@@

In the letter read above, the Engineer-in-Chief (irr), Water Resources Department, Vijayawada, has requested the Government to allocate 3.75 Mcft of drinking water to Rishi Valley Education Center, Rishi Valley Madanapalli from HNSS Punganuru Branch Canal and also requested to permission for construction off-take @ Km 137.400 of Punganur Branch Canal with the terms and conditions as proposed by the Chief Engineer, NTR TGP, Tirupathi.

2. Government after careful examination of the matter, hereby **accord permission for allocation of 3.75 Mcft of drinking water to Rishi Valley Education Center, Rishi Valley Madanapalli, from HNSS Punganur Branch Canal subject to condition the school will have to build a reservoir to store the allocated water and also system to take the allocated water in the limited period** with the following terms and conditions;-

1) The firm Rishi Valley Education Center, Rishi Valley, Madanapalli, Chittoor District shall not have any right to draw water without permission from department.
2) The water drawn from the Source should be utilized for the purpose for which permission is granted.
3) The consumptive utilization calculated per day fixed by the Department should not exceed under any circumstances.
4) The firm cannot claim the permission as a right at the cost of Irrigation.
5) The firm can draw water only as and when there is sufficient flows available in canal, without effecting the irrigation and drinking water demand on any existing or proposed projects already.
6) The cost of construction and laying of pipe line and other infrastructure should be borne by the firm duly acquiring the necessary land etc., at their own cost.
7) The water rates payable shall be as levied by the Government as per the norm of Industrial usage supply from time to time.
8) Off-Take should be constructed as per the norms of Water Resources Department and the banks shall be constructed with proper consolidation under the supervision of the department officers. The profile of original canal should not be disturbed.

9) Water measuring devices should be placed at the off take point and proper locking arrangement and shuttering arrangement must be made with their own cost under the supervision of the Water Resources.
10) The operation of Off-take sluice shall be under the control of Water Resources Department only.
11) Water supply will be stopped when there is lean flows in the channel.
12) The water charges are to be paid in advance for the year on Demand as per the rate fixed by the Government.
13) The firm should be given an undertaking that they will not raise any legal Complications for not supplying of water during the drought period, short fall of rain and any type of unforeseen problems.
14) The firm should make its own arrangements for sufficient storage of water during non supply period.
15) The Water Resources Department is no way responsible for non supply of water due to any reasons.
16) The department is no way responsible for any damages that may occur to Off take during floods.
17) The department is not responsible for any dispute that arises with neighbouring industries and nay legal matter.
18) The firm should not create any objection for improvement/ modernization works to the said canal in future, and they have to relocate Off-Take if necessary at their own cost.
19) The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
20) The design should be approved by the Chief Engineer, CDO.
21) The water rates would be charged on par with Madanapalli Municipality, Chittoor District.

3. The Engineer-in-Chief (Irr), Water Resources Department, Vijayawada shall take necessary action in the matter.
